CPLD Strategic Plan 2019-2021

Thanks to generous support and input from the community, partner agencies, staff and other stakeholders, the Chillicothe Public Library District Board of Trustees adopted the 2019-2021 Strategic Plan in April of 2019. This plan represents the overall strategy for the library and guides initiatives to be undertaken over the next three years.

The key components that emerged from various panel discussions, retreats and surveys were redefined Mission and Vision Statements.

Our new Vision Statement rearranges the previous to closely mirror the learning process:

Read >> Learn >> Share >> Grow

Our new Mission Statement reflects our deep commitment to remaining an invaluable asset to our community: ***The library enriches lives, builds community, and encourages success by bringing people, information, and ideas together.***

The plan is divided into four areas of focus. These strategic initiatives provide the framework for activities the library will undertake over the next few years. An essential component of all activities is the promotion of diversity and inclusion.

2019 Focus >> ***Read & Learn*** >> The library connects people to reading materials to enrich their lives. *We promote the joy of reading to all.*

2020 Focus >> ***Learn & Share*** >> We encourage personal growth through lifelong learning experiences. We are active and present in our community and continually find ways to bring people together. *We weave our community together.*

2021 Focus >> ***Share & Grow***>> We are fiscally and environmentally responsible and committed to achieving a vibrant future. *We are good stewards of our resources.*

With our plan clearly crafted, the library stands ready to support a more inclusive, engaged, literate community.
